In the background, another person is wearing a white gi with a red belt. The text is overlaid on a large, irregular orange shape that resembles a paint splash or a torn piece of paper.

GIS & UNIFORMS

We offer a wide variety of martial arts uniforms for all styles in various fabric weights and cuts to suit every need and budget.

Start new trends in a stylish jiu jitsu gi, or keep tradition with a wrap-around kimono-style gi. Choose light-weight fabrics for breathability and ease of movement, or heavier cottons for that authentic snapping sound as you execute fast maneuvers. Lycra® lining wicks away moisture, keeping the athlete cool and dry. It stretches and flexes with the athlete, reduces chafing, and adds an extra layer of comfort.

A woman with dark hair in a ponytail, wearing a white martial arts gi, is sitting on a light-colored mat. She is looking down and adjusting her red shin guards. The background is a plain, light-colored wall. A large, stylized red graphic element, resembling a flame or a burst, is positioned behind the text on the right side of the image.

SPARRING & GEAR

WEAPONS

We carry a variety of traditional and modern martial arts weapons and replicas for training and demonstration purposes. Our staffs, escrima sticks, and bokken are made from traditional materials like oak, rattan, and bamboo. Foam covered escrima sticks and nunchaku give traditional weapons a modern safety update. Our rubber swords and gun replicas allow you to train with the weight of the real thing, minus the hazards. For the purists, we also offer swords and kama with sharp blades, as well as chrome-plated stainless steel sai. User assumes all risks and the use of training weapons for contact sparring voids any product warranty.

We do not offer credit terms as a method of payment. If a cheque is accepted, it must be current dated. Any cheques that return NSF will be charged the bank penalty fee and the customer will have to pay with cash or credit card immediately. Please ensure that the billing address and the shipping address are the same to avoid any orders being flagged as fraud.

Freight Charges

Freight is based on volumetric weight which is estimated to be around 10% - 25% of value of goods; the larger the shipment, the smaller the percentage. Rate quotes are available. We use Canada Post, Purolator, Greyhound and UPS. We have managed to get preferential rates and we charge this rate plus packaging to minimize your freight cost. Rates are subject to change without notice.

Shipping

We have an aggressive ordering system that will minimize delays. All in-stock orders are shipped within 2 working days, and if we receive your order prior to 1PM PST we will make every effort to ship it out the same day. If your order is post 1PM PST, it will be shipped out the next working day. We ship across Canada and shipping can take 1 - 7 days depending on the province or location in which you reside.

Sales Tax

All online retailers must collect sales tax from customers having goods delivered into provinces in which the company is conducting business. All merchandise is subject to Sales Tax. Clothing and shoes may be Province exempt only for persons under the age of 14 or unless a provincial tax number is provided. All Sales Tax is dependent on your Province's Tax Rates. It is the responsibility of the Customer to declare accurately and in the event of any adjustments or rebates required, to claim directly on their Government Tax Submissions.

Pricing

We at Bushido will always strive to source

the best possible pricing without compromising quality and competitiveness. Pricing has been structured so that the business can remain lucrative and offer the best value possible for our customers. We feel uncomfortable about raising our prices and respect the economic pressures on business, so we keep our pricing at the lowest base possible. Our prices will fluctuate over the seasons and we are forced to change them from time to time as the following affects us directly: inflation, operating costs, economy, exchange rates, fuel prices, shipping costs, duties and taxes. Pricing will be fixed for at least 6 months (2 seasons) unless unforeseen large expenses arise i.e. exchange rates.
